### Description

*Kompanija Bibli d.o.o. Beograd osnovana je 12.maja 2009. godine kao preduzeće čija je prvo bitna delatnost bila trgovina. Nakon par uspešnih godina, osnivač i vlasnik Gregor Guberinić vidi šansu u proizvodnoj delatnosti, i donosi odluku o pokrećanju ogranka za mesnu industriju.*

*Već pri stvaranju palete proizvoda od mesa, po ukusu i kvalitetu izdvajili su se proizvodi "Domaći čvarci" i "Domaća svinjska mast". U tom momentu se na tržištu Bibli čvarci pojavljuju kao inovativan proizvod, koje karakteriše manji procenat masnoće, veći procenat proteina i izražena hrskavost. "Domaća svinjska mast" prednjači po svom kvalitetu i čistoj beloj boji. Nakon istraživanja za aromom koja bi oplemenila domaće čvarke, nastaju "Ljuti domaći čvarci", a za sladokusce i "Sitni domaći čvarci", kao idealna grickalica.*

*Konstantna priznanja međunarodnog karaktera, društveno odgovorno poslovanje i zadovoljni potrošači doprineli su izgradnji brenda kompanije Bibli.*

*Company Bibli d.o.o. Belgrade was founded on May 12th, 2009 as a company whose primary activity was trade. After a couple of successful years, founder and owner Gregor Guberinić saw a chance in production, and made the decision to start a branch for the meat production.*

*Already in the creation of meat product range, the products "Traditional scratchings" and "Traditional pork lard" stood out in the market because of the taste and quality. In that time, the Bibli scratchings appeared as an innovative product, characterized by a lower percentage of fat, a higher percentage of protein, and an enhanced crispiness. "Traditional pork lard" is the top-quality product with pure white color. After the search for the new flavour that would enrich the traditional pork scratchings, the "Chili traditional scratchings" were created. "Tiny traditional scratchings" were made for the gourmets as an ideal snack.*

*Continuous international awards, corporate responsibility and satisfied customers contributed to the building the Bibli company brand.*
