Description

We are a winery from the north part of Serbia that makes wines from Serbian grape variety called kadarka. in the whole vineyard we have only kadarka. Kadarka wines are sophisticated, complex, and a real example what sandy soil in Serbia can give. Our basic wine Fantazija was the first wine from Serbia to be included in the largest wine museum on the world La Cite du Vin in Bordeaux. Every May 28th on Saint Urban day, we send our wines to the Vatican. it is tradition from 2009. Last year our Fantazija has been declared "the best buy" of all wines in Serbia. Now that finally the time has come in Serbia to drink wines from local grape varieties our wines are placed in the best restaurants in Serbia. And we look forward to the opportunity to talk with wine importers from other countries.
